

Application No.: 10/634,524  
Amendment Dated: December 14, 2004  
Reply to Office Action of: September 22, 2004

MAT-8438US

**Remarks/Arguments:**

The Official Action has required that Figure 10 be designated with the legend "PRIOR ART." Figure 10 has been so designated.

The specification has been objected to. The Examiner has made recommendations regarding how the specification should be amended. All of the Examiner's recommendations have been adopted. Withdrawal of the objection is respectfully requested.

Claims 1 and 7 have been objected to because of various informalities. Those claims have been amended in accordance with the Examiner's suggestions. Withdrawal of the objections is respectfully requested.

Claims 1, 2, 7 and 8 have been rejected under 35 U.S.C. § 103(a) as being unpatentable over Noguchi (U.S. Patent No. 6,677,835) in view of Inoue (U.S. 2003/0062969). U.S. 2003/0062969 was filed on Sept 25, 2002. By contrast, Applicants' priority document for the above-identified application was filed on August 6, 2002. A verified translation of Applicants' priority document is enclosed. Withdrawal of the rejection is respectfully requested.

Claims 3-6 and 9-12 have been rejected under 35 U.S.C. § 103(a) as being unpatentable over Naguchi/Inoue in view of Ikeda (JP 2001-168672). Those claims, however, include all the features of the respective independent claims from which they depend. Thus, those claims are also patentable over the art of record.
